Have you ever ridden in a helicopter? Whether it's your first time or not, the experience of flying over the mighty glaciers of Vatnajökull National Park is truly unforgettable. The expedition ends with a stop on the glacier to explore the ice tunnels, where you can take some stunning photos.

NORTHERN LIGHTS

Seeing the Northern Lights is, for many, a once-in-a-lifetime goal. And there's no better place to witness them than Iceland. On the clear nights of the cold polar winter, the sky becomes the stage for one of nature's most astonishing spectacles, and experiencing it is truly a privilege.

BLUE LAGOON

Can you imagine bathing in 40°C thermal waters surrounded by snow and ice? This incredible experience is possible at the Blue Lagoon, a series of volcanic hot spring pools set amidst pristine nature. Fun fact: it's said that the mineral-rich waters are an elixir for your skin.
